A NIGHTMARE

Gives point to the fact that excessive or irregular eating disturbs the digestion. Nightmare or night hag has its day time correspondence in the undue fullness after eating, with the belchings and sour or bitter rising so often experienced after too hasty or too hearty eating.

Dr. Pierce's Golden Medical Discovery cures dyspepsia or bad stomach. When the weak stomach is strengthened and invigorated the whole body shares in the increased strength derived from food properly digested and perfectly assimilated.

"I was a victim of sleeplessness and extreme nervousness induced by chronic indigestion and I felt heavy, tired and worn out continually," writes Miss Mary Smith, of 1813 No. Wahsatch Street, Colorado Springs, Colo. "Dr. Pierce's Golden Medical Discovery was the only medicine which relieved me. Within a week after I began using it that heavy oppressed feeling after meals had left me, and I found that I was able to sleep better than for months previously. My appetite was gradually restored, general system was toned up, nervousness became a thing of the past and I have now been in splendid health for over nine months."

Sometimes a selfish dealer tempted by the little more profit paid on the sale of less meritorious medicines will offer the customer a substitute as being "just as good" as the "Discovery." It may be better for him because it pays better, but it is not as good for you, if you want the medicine that has cured others, and which you believe will cure you.

1000-page Doctor Book sent free on receipt of 21 one-cent stamps to cover postage only; 31 stamps for cloth-bound copy. Formerly sold for $1.50 to extent of over 500,000 copies. Every family should possess a copy for ready reference in case of sudden illness or accident. It is illustrated with hundreds of wood-cuts and several colored plates. Address Dr. R. V. Pierce, Buffalo, N. Y.

JOYS OF MATERNITY

A WOMAN'S BEST HOPES REALIZED

Mrs. Potts Tells How Women Should Prepare for Motherhood

The darkest days of husband and wife are when they come to look forward to childless and lonely old age.

Many a wife has found herself incapable of motherhood owing to a displacement of the womb or lack of strength in the generative organs.

Mrs. Anna Potts

Frequent backache and distressing pains, accompanied by offensive discharges and generally by irregular and scanty menstruation indicate a displacement or nerve degeneration of the womb and surrounding organs.

The question that troubles women is how can a woman who has some female trouble bear healthy children?

Mrs. Anna Potts, of 510 Park Avenue, Hot Springs, Ark., writes:

My Dear Mrs. Pinkham:—

"During the early part of my married life I was delicate in health; both my husband and I were very anxious for a child to bless our home, but I had two miscarriages, and could not carry a child to maturity. A neighbor who had been cured by Lydia E. Pinkham's Vegetable Compound advised me to try it. I did so and soon felt that I was growing stronger, my headaches and backaches left me, I had no more bearing-down pains, and felt like a new woman. Within a year I became the mother of a strong, healthy child, the joy of our home. Lydia E. Pinkham's Vegetable Compound is certainly a splendid remedy, and I wish every woman who wants to become a mother would try it."

Actual sterility in woman is very rare. If any woman thinks she is sterile, let her try Lydia E. Pinkham's Vegetable Compound and write to Mrs. Pinkham, Lynn, Mass. Her advice is free to expectant or would-be mothers.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes, to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

CONFEDERATE GENERALS.

Maj. Robert W. Hunter, secretary of military records for Virginia, has compiled a list of the surviving Confederate generals, giving their senority as far as possible.

There are fifty-seven generals living today, while during the war not less than 500 were commissioned This includes lieutenant generals, major generals and brigadier generals. Interest in the question has been awakened by the death of Gen. Fitz Lee.

Maj. Hunter spent some time in going over the records, visiting Washington in order that he might have access to the records in the office of Gen. Marcus J. Wright. The list, with rank, place from which appointment was made and place of residence at this time, are as follows:

Lieutenant generals—Simon B. Buckner, Rio, Hart county, Ky.; Stephen D. Lee, Columbus, Miss.; Alexander P. Stewart, Chattanooga, Tenn.

Major generals.—Samuel G. French (Florida), New Jersey; Joseph Wheeler, Wheeler, Ala.; Camillus J. Polignac (France), Paris, France; Matthew C. Butler, South Augusta, S. C.; G. W. C. Lee, Burke's station, Va.; Lunsford L. Lomax (Virginia), Gettysburg, Pa.; Thomas S. Rosser, Charlottesville, Va.; W. T. Martin, Natchez, Miss.; Robert F. Hoke, Raleigh, N. C.

Brigadier generals.—Roger A Pryor (Virginia), New York; Beverley H. Robertson (Virginia), Washington, D. C.; Evander McLaw, Alabama; Francis T. Nicholls, Louisiana; James H. Lane, North Carolina; Jerome B. Robertson, Texas; James C. Tappan, Helena, Ark.; Marcus J. Wright (Tennessee), Washington, D. C.; George R. Coaby (Kentucky), Sacramento, Cal.; Marcellus A. Stovall, Georgia; Frank C. Armstrong, (Tennessee), Washington, D. C.; William L. Cabell (Arkansas), Dallas, Tex.; John W. Frazier (Mississippi), Richland Springs, N. Y.; John T. Morgan, Alabama, United States Senate, Washington, D. C.; Francis M. Cockrell (Missouri), Washington, D. C.; S. W. Ferguson, Mississippi; Eppa Hunton, Richmond, Va.; Benjamin G. Humphreys, Mississippi; William W. Kirkland, North Carolina; E. W. Pettus (Louisiana), United States Senate, Washington, D. C.; Basil W. Duke, Louisville, Ky.; James E. Harrison, Texas; William McComb (Tennessee), Louisa, Va.; Robert Lowry, Mississippi; James P. Simms, Georgia; Thomas M. Logan (South Carolina), Richmond, Va.; William P. Roberts, North Carolina; Ellison Capers, Columbia, S. C. (bishop of South Carolina); Young Y. Moody, Alabama; Walter P. Lane, Texas; Richard Waterhouse, Texas; Richard M. Gano, Texas; Bryan M. Thomas, Rome, Ga.; E. P. Alexander, Georgia; William R. Cox, Raleigh, N. C.; Jacob H. Sharp, Columbus, Miss.; George D. Johnson, Tuscaloosa, Ala.; Thomas B. Smith, Nashville, Tenn.; William Miller, Point Washington, Fla.; George W. Gordon, Memphis, Tenn.; Charles M. Shelby, Birmingham, Ala.; Robert Bullock, Florida.

In connection with the foregoing some reference to the work now being done by Maj. Hunter will be of interest. He is collecting an immense amount of data connected with the civil war—papers, documents, orders, muster rolls, discharges, transfers, details for duty and much else that will go to make up history. It may be that some of the records will conflict with the titles of the "colonels" and others who have figured since the war, and the service rendered by some—as claimed—may receive a shock, but all the same, the work is of incalculable value.

Maj. Hunter spends a considerable part of his time in correspondence with parties who have knowledge of the existence of old muster rolls and often much time is consumed in getting into communication with the owners of these papers.

Attempted Murder and Suicide.

Because eighteen-year-old Louise Kremer would not marry him, Frank Huber, of Plainfield, N. J., put a bullet in her head at an early hour yesterday morning, and then, unwilling to live alone, he put two bullets in his own brain, which prove fatal. The girl is now in Muhlenberg Hospital at Plainfield. She has slight chance for recovery.

Huber was a machinist, forty-one years old. Until recently he had been employed at the Walter Scott Printing Press Works. Several months ago his fellow-workman, Charles Kremer, agreed to take him as a boarder at his home in Fanwood. There he met the daughter. From the very first Huber evinced a decided liking for the young woman, but to her he was a staid old man, and there were many young men in the neighborhood who were vastly more attractive. Huber pushed his attentions so far that they became distasteful to the girl and she told him so. Then Huber began to grow morose. Louise continued to receive the attentions of a host of other admirers and to pay no attention to her father's boarder.

The climax came yesterday morning. After meditating over his supposed wrongs, Huber arose at the conclusion of a sleepless night and did not even wait for breakfast to carry out his plans. Louise was preparing for a day's outing at Coney Island, when Huber suddenly confronted her with a revolver and asked if she would marry him. She refused and he fired, the bullet striking her in the neck. Huber fled from the house and ran to the underbrush on the side of the Watchung Mountain, where he shot himself twice in the head with fatal results.

Very little is know about Huber, but it is alleged that he has one wife and two children living in Cincinnati and another wife abroad.

Man's Reasonableness

is often as great as women's. But Thos. S. Austin, Mgr. of the "Republican," of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five [5] physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured and can now perform all her household duties." Guaranteed by E. S. Leadbeater & Sons, druggists, price 50c.

Chamberlain's Cough Remedy the Very Best.

"I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Harlan, Mich. There is no question about its being the best, as it will cure a cough or cold in less time than any other treatment. It should always be kept in the house ready for instant use, for a cold can be cured in much less time when promptly treated. For sale by Gibson & Timberman and W. F. Creighton & Co.

There Is a Difference.

The difference between Kennedy's Laxative Honey and Tar and all other Cough Syrup is that it moves the bowels, thus expelling a cold from the system. This relaxes the nerve-tissues and by its healing effect on the throat and lungs the cough is relieved—cured entirely. Kennedy's is the original Laxative Honey and Tar and contains no opiates. Good alike for young or old. Tastes good. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick street.

AND VIRGINIA ADVERTISER

MONDAY EVENING, MAY 29, 1905.

SURRENDER, complete and unconditional, brings to a close in Philadelphia the most momentous battles ever waged between citizenship and an arrogant political organization in any municipality in this country. The gas officials, as stated Saturday, have withdrawn the proposed lease and the organization has abandoned the plan to force it through. Defeated and disgraced, the machine of Philadelphia is a broken and inert thing. Whether there is any latent recuperative power remains to be seen. Gone is all talk of passing the gas lease over the mayor's veto. Gone is the talk of punishing those who broke away from the organization. Gone is the talk of retaliation on the mayor. The organization leaders have forsaken every stand that they took so gayly when the Mayor vetoed the gas lease. A courageous and militant citizenship is triumphant and the city has won a victory. The fight all went out of the organization leaders Saturday. The mass meeting to indorse the stand of Mayor Weaver had much to do with it. The ringing resolutions adopted struck to the hearts of the machine managers. The revolt of the people was not theoretical, but practical. Meetings addressed by business men of standing were held on many street corners. Councilmen who talked of supporting the lease were waited on by delegations who demanded that they recant. If they failed to give such assurances they were shunned socially, and made pariahs among their fellows. The newspapers poured hot shot into the ranks of the enemy. For the last forty hours the lines had been wavering, and Saturday afternoon the battle turned into an absolute rout.

THE determination of the Isthmian Canal Commission to buy steamships, steel rails, cars, tools and machinery needed in the construction of the canal wherever it can buy them cheapest is based upon sound business reasons. It can get two steamships of 600 tons burden from foreign builders for about half what they would cost in the United States. For other necessary material the commission is willing to pay to American manufacturers the same prices paid by foreign consumers when such wares are sold for export. It is estimated that if the purchases of material should be made in the United States at the prices the people of the United States are compelled to pay, the cost of the canal would be increased many millions of dollars. There would be a saving of $700,000 in the purchase, of the two steamers of foreign builders. In commenting upon the proposed canal supply purchases the Philadelphia Record says: "It is only in the light of public transactions of such wide notoriety that the consumers of the United States can see at a glance how they are swindled."

THE ATTEMPT made early Saturday to destroy with dynamite the new drawbridge of the Pennsylvania Railroad over the Hackensack river was a failure, so far as the damage inflicted is calculated in dollars and cents, but the act of vandalism was a success in extent of the serious alarm it has caused. It has revealed that the railway company has a secret and desperate foe, with anarchistic predilections, which foe is growing in boldness and in strength in this country. Three weeks ago the assistant master carpenter of the company and one of the foremen of construction on the new bridge, were assaulted by six men, who fled before they could be apprehended. A few days later the assistant engineer, it is said, received a threatening letter. The company, however, increased its force of special officers at the new bridge to exclude more rigidly those who were not actually employed in the construction. The unprovoked assault, the threatening letter and the attempt to blow up the bridge have now been welded into links in a chain by the officials, who expect to add other links until they have the offender or offenders.

THE TIDE of war is still running favorably to Japan, and the Baltic fleet, from which much had been expected by the Czar, has, according to today's dispatches, been practically annihilated by the invincible Togo and the remnants are now, it is reported, fleeing before swifter vessels of the Mikado's navy. The carnage has been terrible, and Japan has not emerged unscathered. The Russian fleet, upon which so many hopes were built, has been dispersed and destroyed. Four of its eight battleships have been sunk or captured; five of its nine cruisers have been sunk; four of its eleven torpedo boat destroyers have been sunk or captured and the same fate has been meted out to several of the minor vessels attached to the squadron.

THE NEW YORK section of the social democratic party has formulated a platform demanding that the powers of the city government be extended so as to enable it to employ its citizens who may be out of work, and to furnish the public any commodity it may deem necessary by establishing municipal industries and shops. They want all city work to be done without contractors, and public employees to be insured against accidents, sickness and old age. They also demand that meals and clothing be furnished to all school children who need them. Their next step probably will be to resolve that the earth is theirs and the fullness thereof.

THERE was a big falling off of prices in speculative stocks on the New York Exchange last week, and the fact that this coincided with the widely advertised prophecy of Thomas W. Lawson attracted much attention. Almost every stock on the list reached the lowest prices of the year. There is a general belief that most of the stocks traded in now are underly inflated and that there must soon be a shaking down.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., May 29.

Not since the days of the Spanish war has there been such intense interest manifested at the State and Navy Departments and at the White House over a piece of news as there is today over the reports of the Japanese victory in the Korean straits. The meager official information of yesterday only served to whet the appetites of Washington officials. The President was at his office early this morning inquiring for official advices. He is particularly solicitous because of the report that Rojestvensky has sunk an American merchant ship. In the absence of details, the Russian embassy has been requested to ask the home government for any information it may be able to secure. Naval officers are disposed to withhold comment on the reported Japanese victory until the other side shall have had a chance to be heard from. Some are inclined to believe that the fleet which Togo is reported to have put out of business is only a detachment of the Russian naval force.

"It is the beginning of the end I can see no other outcome than that Russia will sue for peace," Admiral Dewey made this declaration this morning when shown the report of the losses sustained by the Russian fleet. "In my opinion, he continued," the victory of the Japanese may be attributed to their training and preparedness. Such advices as we have would seem to show that the Japanese achieved their victory by hurling torpedo boats against the Russians. Still we cannot ascribe their success to this alone. It is not to be supposed that the two Russian battleships reported captured would surrender to the torpedo boats alone. Admiral Togo's training and preparedness throughout his fleet I am convinced is responsible for his victory in this great naval engagement."

The U. S. Supreme Court sustained the constitutionality of the New York franchise tax law, affirming the decisions of the lower courts. The cases involved the right of the State in New York to tax franchises of public service corporation the same as real estate.

In the case of John W. Ballmann the Cincinnati broker charged with contempt of court in refusing to answer questions before a federal grand jury investigating a bank shortage and in refusing to produce certain books bearing on the investigation, the U. S. Court today sustained the application for a writ of error, thus maintaining Ballmann's right to act as he did on the ground that to do otherwise might have incriminated him.

An official report from Minister Griscom, at Tokio, received at the State Department early this morning, says that Togo reports that he has sunk one large Russian battleship and three or four other smaller ships, besides capturing two or three others. Togo adds that no Japanese ships were injured. Mr. Griscom states that at the time he sent the message the battle was still progressing slowly, but all indicattons point to a great Japanese victory. Minister Griscom, at Tokio, in a second dispatch today, telegraphs the State Department that Admiral Togo reports to his government that the total losses sustained by the Russian fleet on Saturday and Sunday were two battleships, one coast defender, five cruisers, two special service ships and three destroyers, all sunk. In addition to this there were captured two battleships, two coast defenders, one special service ship and one destroyer and over 2,000 prisoners. The admiral adds that the Japanese squadron was undamaged.

President Roosevelt will leave Washington shortly after midnight for Brooklyn where he is to deliver an address at the unveiling of the monument to General Henry W. Slocum and review the memorial day parade of the civil and Spanish war veterans. Mayor McClellan, of New York, will also speak. After the exercises President Roosevelt will return to Jersey City to take his train for Washington, stopping on the way, if there is time, to visit the naval Y. M. C. A. headquarters at the Brooklyn navy yard. The homeward journey will begin from Jersey City at 1 p. m. and the President is due to reach the capital at 7:20. On the trip to Brooklyn the President will be accompanied by Secretary Loeb, the usual following of secret service men, etc.

Count Cassini, the Russian ambassador, has made a protest to the President against the proposed visit of Secretary of War Taft to Tokio on the occasion of his call at Japan on his way to the Philippine Islands. The protest will, however, not be heeded.

The Corporation Commission.

Because his resignation was requested by the State Corporation Commission Major A. S. Lanier, first assistant clerk, may bring suit against Secretary John A. Upshur on whose report his resignation was asked. It is reported that Mr. Upshur supposed Major Lanier to be interested in the Virginia Corporation Company, a company formed to secure charters for other companies. Judge Crump, president of the commission, indorsed the formation of this company and was a small stockholder, but had no business interest in it.

On Mr. Upshur's report the commission deemed it best to ask for Lanier's resignation, which he has refused to give. Judge Crump says:

"Mr. Upshur was right in bringing the actions of Major Lanier in connection with the Virginia Corporation Company to the attention of the commission. I accept whatever responsibility for this trouble may rest on me and am entirely willing to abide by the verdict of the people of Virginia."

A special committee of South Norfolk, Ct., after an investigation, reported that many comparatively well-to-do persons, including taxpapers, have been on the pauper lists and in receipt of monthly aid of from $11 to $20 ever since the department was established, or for upward of 20 years.

The North Coast limited train on the Northern Pacific was held up by a lone robber at Bearmouth, Montana, Saturday night. He blew the safe open with dynamite, but was overpowered and captured by Engineer George L. Wilson and Express Messenger Laub after a violent struggle. He has been taken to the county jail at Bearmouth. His condition is critical. His skull is fractured and he may die.

Governor Higgins, of New York, Saturday signed the bill restoring the four-year term of the mayor, comptroller and borough presidents of New York city. The new law does not affect the present administration. With streamers of flame leaping as high as the housetops and women and children screaming so that they could be heard for blocks, a car of the Roland Park line ran from Twenty-first to Twentieth street, Baltimore, last night on Maryland avenue. In spite of the fire, which seemed almost to fill the car, no one was burned, and in the resulting panic among the passengers only two persons were injured. The fire began in the switchbox, over the head of Motorman G. Berry. Once the current was off the fire died down, and a few buckets of water thrown by the firemen were sufficient to extinguish it.

Verdict for Stevens.

The jury in the case of the Farmers and Merchants' Bank of Culpeper vs. C. Amory Stevens, a multimillionaire of New York, to recover $458, amount due on an overdraft by R. H. Duckett, who claimed to be a partner of Stevens, late Saturday afternoon in Warrenton brought in a verdict in favor of Stevens. The main question at stake was to the partnership. Stevens denied any partnership existing and Duckett vigorously asserted that he was a partner. Voluminous testimony in the shape of letters on both sides were offered in evidence to prove the partnership and nonpartnership. A recent disagreement between Duckett and Stevens as to the disposition of the Kelly gold mining property in Fauquier was the beginning of the present litigation. The trial consumed three entire days, and is the second one, the former resulting in a hung jury.

The present case just closed is really the basis and forerunner of the two $30,000 suits for defamation of character already instituted by Congressman Rixey and C. Jones Rixey against Stevens. Stevens was represented by Eppa Hunton, jr., R. Walton Moore, and Edward S. Turner. Judge C. M. White, Keith & Keith, and Barbour & Rixey represented the bank. This will also be the array of counsel in the damage suits, and the first will be called at the next session of the United States District Court in Alexandria.

Fire on a Steamship.

The Old Dominion steamship Hamilton, Captain Boaz, returned to Norfolk yesterday with a dangerous fire in her forward hold. She is one of the fine passenger steamships of the line, but she started to New York yesterday morning as an extra steamer for freight. The Hamilton carried 400 bales of cotton in the hold where the fire occurred, and also carried a large cargo of vegetables and tobacco. There were no passengers aboard. When the Hamilton was outside the Virginia capes fire was discovered which was so fierce that the steam and water, which were turned on immediately, had little effect. Hence Captain Boaz turned, put on all the steam possible and raced the burning ship 30 miles back to her dock. She was then sent out to low water, where the Merritt & Chapman wreckers are unloading the burning cotton.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucuous surfaces.

GOVERNOR MONTAGUE.

Governor Montague addressed a large meeting in Richmond Saturday night, Colonel Archer Anderson presided at the meeting and the governor was introduced by Mr. Charles V. Meredith, who was a member of the constitutional convention.

The Governor's speech was along lines that have heretofore been touched by the governor. The most appreciated portion was his splendid tribute to Gen. Fitzhugh Lee. The governor said that he had been told that his strictures on the evil doers in the Senate would kill his influence in that body if he were elected. He had no wish, he said, to owe to crimiminals his ability to serve his people.

The record of Senator Martin was again criticised, the governor saying in the outset that this was a fight in the open, according to the old-fashioned Virginia idea.

He read a letter written him by the Auditor of the Treasury in regard to Senator Martin's claim that his efforts had secured for the State $1,700,000.

The governor claimed that the net result of Senator Martin's efforts have been only to secure the return of $5.50 to the State and he said that after seeing the statement of the auditor there was no reason to change his views, the claims held by the State and the United States offset each other, and if one had gained $1,700,000 the other had profited by an equal sum.

His further remarks were in enunciation of his well-known views concerning better schools, better roads, and a United States Senate more responsive to the people. In this connection, he said that he had been told that his strictures on the evil doers in the Senate would kill his influence in that body if he were elected. He had no wish, he said, to owe his ability to serve his people to criminals.

TOGO VICTORIOUS.

Russian Fleet Said to Have Been Practically Annihilated.

Tokio, May 29.—It is officially announced that the Baltic fleet under the command of Admiral Rojestvensky has been practically annihilated.

Twelve warships have either been sunk or captured. Two of the largest vessels of the transport division are in the hands of the Japanese, and two torpedo boats have been sunk.

All of the remaining Russian vessels are in full flight. It is rumored, but not confirmed, that Rojestvensky's flagship has been sunk.

Tokio, May 29.—Eight officers of the Russian vessels which were destroyed in the battle were drowned with the sinking of their ships. The crews have been made prisoners. Tokio is delirious with joy and Admiral Togo's report is awaited with feverish impatience.

During the battle the firing could be plainly heard on the shore.

Tokio, May 29.—The names of the Russian battleships and armored vessels which were sunk in the great naval fight, as reported so far, are the battleships Borodino and Imperator Alexander III; the armored cruisers Admiral Nakhimoff, Dimitri Donski, and Vladimir Monomach; coast defended vessel Admiral Ushakoff, and protected cruisers Jemchng and Svitlana. The vessels captured are the first class battleship Orel, second class battleship Imperator Nicholai I., coast defense vessel General Admiral Apraxin. All the vessels are heavily armored fighting ships.

St. Petersburg, May 29.—The public are amazingly indifferent and quiet despite the disastrous outcome of the fight between the Russian and Japanese fleets. The result of the fight is becoming generally known. In naval circles the statement is made that they do not believe that Rodjestvensky's fleet was annihilated. They think a large port of the squadron will reach Vladivostok. Official circles express surprise that the first news of the fight came from Washington. They say this proves that America is Japan's ally.

London, May 29.—The great sea fight between the Russian and Japanese fleets has been fought and victory rests with the Japanese. Details of the fight are still meagre, as Admiral Togo, the commander of the Japanese fleet, has not yet finished his work and has not had time to make a detailed report. He is pursuing the remnants of the Russian armada, which, to save themselves, took to flight. As many of the Japanese are superior in speed to the Russian ships, it is believed they must eventually strike their flags or be sunk. Official reports from Tokio state that nineteen of the Russian warships have been sunk or captured, and that some of the Japanese ships have suffered injury. Unofficial advices say that the Japanese lost three cruisers and twelve torpedo boats. The reports regarding the Japanese torpedo boats were probably true, for Togo has shown in his sea fighting that he places great dependence on these little ships of war, while the crews who man them have shown time and again that they will sacrifice themselves and their ships when such a sacrifice is needed to add to the glory of Japan and Japanese arms.

Admiral Togo is hailed today as the equal of Lord Nelson. His annihilation of two Russian fleets, with almost no loss to himself, has stamped him as a naval strategist and hero, and made him an immortal in history.

The Central News is authority for the statement that a private telegram has been received here saying that the naval battle which started near Tsu island in the Korean straits on Saturday is still in progress. The Japanese are following up their victory and are pursuing the Russian warships which are reported to have been widely scattered, in order to make the blow they have inflicted upon the enemy, as heavy as possible.

Messages from Tokio announce that official reports state the Russian losses reported up to this morning are twelve vessels which have either been sunk or captured.

According to the private telegram which the Central News quotes, the Japanese suffered to a considerable extent as well as the Russians. This telegram says three cruisers and twelve destroyers of Togo's fleet have been sunk or totally disabled.

The Japanese fleet was very strong in its array of destroyers and Togo seems to have used the small vessels to great advantage in attacking Rojestvensky. This probably accounts for the large number which suffered at the hands of the Russians. The destroyers apparently did their work well, however, and by sacrificing these boats, Togo has utterly destroyed all chances of the Russians of gaining control of the seas, which Rojestvensky was sent to the far East to accomplish.

The fate of Admiral Rojestvensky is in doubt. There were early rumors that his flagship, the battleship Kniaz Svaroff, had been sunk and that the admiral perished when his ship went down. Such a fate would be in accordance with what is known of the man. Before he entered eastern waters he cabled the Czar as follows:

"If I am victorious I shall inform you. If I am vanquished Togo will inform you."

This laconic dispatch was thought to mean that Rojestvensky would choose to sink with his ships if defeat overtook him, but as no mention is made of his flagship in the list of vessels sunk or captured, as sent by Tokio, the belief now obtains that the Svaroff sought safety in flight. Under these circumstances it is possible, and even probable, that just before entering into the battle Rojestvensky changed his flag to one of the other ships.

Eight of Rojestvensky's captains chose a hero's death. They went down with their ships. As yet their names are not available.

There is a general feeling that this last tremendous blow sustained by Russia inevitably foreshadows an early peace. The securities markets this morning reflected this view, displaying all around buoyancy.

Tokio, May 29.—The latest report in regard to the sea battle is that Rear Admiral Nebogatoff, for whose arrival in far eastern waters Rojestvensky awaited before making his dash for Vladivostok, has been captured. A running battle is still going on, the Japanese being in pursuit of the few Russian vessels that escaped destruction. It is estimated that 2,000 to 3,000 Russians have been taken prisoners. Admiral Rojestvensky has apparently escaped.

London, May 29.—The correspondent of the Central News at St. Petersburg wires that, according to a semi-official dispatch the Japanese have sunk the battleships Kniaz Svaroff, and Osliabia and several cruisers. The battleship Orel is also mentioned as having been lost. The Kniaz Svaroff was Rojestvensky's flagship. It is stated the Admiral has been wounded.

London, May 29.—The latest reports from Tokio apparently are authentic. The repair ship Kamchatka and the Irtessim, a transport, is added to the list of vessels which the Japanese have sunk. The same dispatches adds the Admiral Seniavin, a coast denfence vessel, to the list of captured vessels.

The vessels which the Japanese destroyed or captured were among the best in the fleet, which was Russia's last hope. In the number were two first class battleships, the Borodino and the Imperator Alexander III. They were sister ships of 13,516 tons displacement, and 16,000 horse power, with a speed of about eighteen knots. They were built in 1904.

Washington, May 29.—The following dispatch received yesterday at four p. m. by the Navy Department from the naval attache at Tokio was made public today.

"It is reported but needs confirmation that the Borodino, Orel, or the Ural, also the Kamchatka and four other vessels of the Russian fleet have been sunk; flagship seriously damaged; Sessoi Veliky has surrendered. Nakhimoff has been blown up, Dimitri Donskoi or the Monomach has been captured; battle still continues. Have not received official reports."

Press reports of Togo's victory were read with the greatest interest at the Japanese legation this morning. The government at Tokio had not sent Minister Takahira any telegrams since yesterday morning when brief dispatches were received containing the informaton that the naval battle was in progress and resulting favorably to the Japanese.

The minister expressed deep gratification over the news transmitted to the State Department by Minister Griscom and seemed convinced that peace will be the inevitable result of the downfall of Rojestvensky.

"Should Russia continue the war now," said one member of the legation, "it will mean the needless destruction of lives and an unnecessary expenditure of money and property. Since this final naval battle has resulted favorably to Japan, the outcome of the war is determined. For Russia to continue to fight would be a return to the age of barbarism."

The legation contemplates the possibility of peace negotiations being conducted in Washington. It is pointed out that Russia remains a great power, and Japan is not in a position to dictate terms as to an absolutely subjugated enemy. The United States is the most available neutral power of sufficiently impressive standing to act as mediary.

Official information received here, but not made public, is to the effect that the Japanese victory has been much greater than the dispatches given out have indicated. It is said that at least three-quarters of the entire Russian naval strength in the far East has been destroyed.

Admiral Togo.

London, May 29.—Admiral Togo is now regarded as one of the greatest naval commanders the world has produced. "Togo the silent" is the way in which he is characterized by his officers and men. A man of few words, he is as full of action as one of the rapid fire guns of his own flagship. When Admiral Togo was told that he was to command the navy in the war with Russia, he said simply: "Yes, sir."

Initiative is the one predominating trait of this Japanese sailor. He struck first in the war with China, and when the Japanese Ministry of Marine was endeavoring to select a commander for the fleet in the impending war with Russia, several names were proposed. "Send Togo," Admiral Count Ito advised. "He struck first at China, he will strike first and as hard at Russia." Admiral Togo is one of the hardest workers in the Japanese navy. He drives himself to the limit, and expects every man under him, officer or sailor, to do his full duty, and "a little more," for the glory of the Emperor. Admiral Togo is neither of princely nor noble birth. He is simply a gentleman, a samurai, of the famous Satsuma clan. A Christian he clings to the tradition of the Samauri. Admiral Togo is 48 years old and from his youth was attached to the sea. He entered the service of the navy and received the greater part of his education at the English Naval College at Greenwich, where he had been sent by his government to learn all he could. He wasted no time, but devoted himself to study and upon leaving Greenwich return to Japan, and aided in the building of a new and up to date navy. He was a captain in 1894, in command of the second class cruiser Naniwa which was nothing more than a converted merchantman. He was with the first flying squadron sent to China in that war. He fell in with a transport, the Kowshing, with a British captain and crew and captured her. The Chinese officers aboard at first attempted to make a run for it, and after waiting 20 minutes in which to give the Americans and English an opportunity to leave the ship, Togo raised the red flag, a signal that he intended to fire. Then he torpedoed the vessel. It was the first fight of the war. Togo distinguished himself at the battle of the Yalu and was promoted to be a rear admiral and given the third command of the navy. In appearance Admiral Togo looks like a weathered old sea captain. He is about medium in height, has a short bristly gray beard, and, like most Japanese officers, does not know how to wear a uniform. It invariably wrinkles where it would fit snugly. He is a strict disciplinarian, but because of his fairness and justness is greatly esteemed by his men. He is married and has three daughters and a son. The boy is at the Imperial University in Tokio, and wants to follow the footsteps of his father. "I am not a great reader", Admiral Togo told an interviewer "but I have become acquainted with the writings of Yomei, a celebrated Chinese philosopher. It encourages action. In the present age, quick and simple action is the only way to succeed, either in military or civil life."

Vice Admiral Rojestvensky.

London, May 29.—Vice Admiral Rojestvensky is nearly sixty years of age. His countrymen spell his name Rohvestensky. Punctilious to a degree as a disciplinarian without mercy the slighest infraction of duty. Admiral Rojestvensky has a reputation for wearing fine uniforms and springing surprises on his officers. His record as an officer begins with gallantry in action more than thirty years ago, at Sebastopol, and since then his career has been principally in the bureaus and admiralty offices at the capital.

The Atlantic Wins.

The Lizard, Eng., May 29.—The three masted schooner Atlantic, owned by Mr. Wilson Marshall, of the New York Yacht Club, with Captain Charles Barr at the wheel, has won the Kaiser's cup race. The Atlantic, with all sails set, romped past the Lizard today, defeating her ten competitors in handy style. It was unexpected victory for the American boat. Before the race started the Atlantic was a strong favorite and the popular choice for the race. Within the last few days reports from trans-Atlantic steamships placed the German boat Hamburg in the lead, with the Endymion, of New York, second, and hopes for the Atlantic's victory were almost dissipated.

It was hardly expected that the race would be finished before the middle of this week, and the sudden appearance of the Atlantic today off the Scilly Islands was a surprise. The Atlantic came in with a strong piping wind, which she brought in from seaward, thereby arriving ahead of the time calculated by those at the finish. The Atlantic's time has not been computed, but she has broken the yachting record of 13 days, 20 hours, and 36 minutes made by the Endymion in 1901.

The Atlantic is a three masted schooner designed by W. Gardner, of Boston, and built by Townsend & Downey, of New York. Her success last year in the cruise of the New York Yacht Club made her the popular choice for the Kaiser's cup race.

The Atlantic is 185 feet over all with a beam of 29.6 feet. She has a draught of 15 feet and a tonnage of 206.53 net. She is fore-and-aft rigged.

The Lizard, Eng., May 29—The quick run of the Atlantic caught the cup committee napping. The members of the committee arrived yesterday but they did not expect the yachts before Wednesday. When the Atlantic was sighted off the Scilly Islands, this morning, the German gunboat Pfiel, which should have been achored off the Lizard as a mark boat, was at Falmouth. As soon as the news was received, the Pfiel started at full speed for the Lizard, twenty miles away.

On Board Publishers Press Tug, Lady of the Isles, May 29.—Via Wireless to the Lizard. The yacht Atlantic is plainly visible at five o'clock, thirteen miles from the finish line. The westerly wind continues, but has flattened down to four knots, with the strong ebb tide, kills much of the Atlantic's speed. The schooner will probably cross the line about seven o'clock, tonight.

Proposed Dissolution of Monarchy.

Christiana, May 29.—The question of the dissolution of the dual monarchy of Sweden and Norway is being discussed by every one. Bjornstone, the poet and author, has expressed his unalterable opinion that the union between Norway and Sweden must be dissolved.

Shamokin, Pa., May 29.—In a fire which consumed several tenement houses and stables this morning, William Betz was burned to death. Two other men, friends of Betz, are missing and are supposed to have perished in the flames. The fire is thought to have been caused by Betz, who slept in the stable.

Letter to Park Agnew.

Alexandria, Va.

Dear Sir: Some think we take a good deal of risk in inviting complaints of Devoe lead and zinc—we authorize our agent to sell it under this guarantee:

"If you have any fault to find with this paint, either now in putting it on, or hereafter in the wear, tell your dealer about it.

"We authorize him to do what is right at our expense."

The following story tells how little the risk is:

J. H. Asher & Co, hardware dealers, Rhinebeck, N Y, have sold Devoe from '76 to now; have sold thousands of gallons and have had just one complaint in all this time. Three sides of a house were perfect; the fourth was as bad as the three were good.

Explanation—It rained the night before the fourth side was painted; and the painters didn't wait for the wood to dry.

What is done in such a case? Whatever the dealer, who sold the paint, considers it fair to do. We leave it to him. He may not do exactly what we should do if we were there, but we are not there. The best we can do is to leave it to him.

Yours truly,

F W DEVOE & CO

Why Suffer From Rheumatism?

Why suffer from rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it hoping only for a short relief from suffering have been happily surprised to find that after awhile the relief became permanent. Mrs. V. H. Leggett of Yum Yum, Tennessee, U. S. A., writes. "I am a great sufferer from rheumatism, all over from head to foot, and Chamberlain's Pain Balm is the only thing that will relieve the pain." For sale by Gibson & Timberman and W. F. Creighton & Co.

Search for Stolen Goods.

Detectives Kennedy and Johnson, of the Washington-Southern and Chesapeake and Ohio Railways, on Saturday night last informed Mayor Paff that cars of that company had been entered and robbed of a number of boxes of tobacco and some dry goods. The Mayor immediately went to work on the case and having procured a search warrant for the premises of Richard Burnett at the head of Duke street sent Officers Roberts, Henderson and Young to execute it. The officers upon reaching Burnett's place began a thorough examination both within and without the house, but were unable to find the dry goods, although empty boxes from which tobacco had been taken were found in an adjoining lot The detectives, however, could not identify tobacco found on the premises as that which had been stolen from the car. The officers in exploring the house found 34 half-pint flasks of whisky, 8 pint flasks, 4 quart bottles, a demijohn and two jugs containing gin and whisky, as well as decanters filled with whisky and gin, and a lot of tobacco and cigars. A huge ice box was opened and it was found to contain a barrel of whisky and three kegs filled with gin and beer, as well as bottled beer. Upon being asked to explain why he carried such a large stock when he was not supposed to be engaged in business, Burnett said the beer belonged to a brewing company, but the other goods were his property, and that the stock had been laid in in anticipation of being granted a liquor license by the court. Later, however, James Kelly appeared on the scene and claimed to be the owner of the stock in Burnett's place. Mayor Paff was engaged throughout the night in personally directing everything in connection with the attempts to find the stolen property as well to identify the thieves, in which he enlisted the services of Chief Webster.

Today's Primary Election.

The democratic primary election has been in progress today. As had been anticipated, the contest has been quite spirited and considerable activity has been in evidence. Some of the present officeholders have no opposition, but others are antagonized by other candidates for their places. The "ins" and the "outs" have been busy for several weeks appealing to voters with more or less effect. Today's primary is in striking contrast to those of by-gone years, as many of the disagreeable features incident to election days have been eliminated by the present State laws. The fact that no money can be used has deprived a certain element of a harvest on election days and saves candidates from being bled. The majority of those who cast votes under the present order of things form a class who vote quietly without attempting to influence others.

The polls were opened this morning at the following places:

First ward—Elks' Hall.
Second ward—City Hotel.
Third ward—Odd Fellows' Hall, Columbus street, between Cameron and Queen.
Fourth ward—Friendship engine house.

At four o'clock this evening the vote polled was as follows:

First ward	236
Second ward	282
Third ward	183
Fourth ward	179
Total	880

Drowned.

F. J. Massino, who was a coal passer on the United States dispatch boat Dolphin, was drowned in the Eastern branch off the Washington navy yard wharf Saturday evening about 6 o'clock. He was caught in the swells from the tug Triton, from Indian Head, when he had become exhausted from swimming and sank before assistance could reach him.

Wilburn Enoch, thirty years old, a member of the Hospital Corps, who did duty in Company E at the Washington arsenal, was drowned in the river opposite the arsenal wharf Saturday afternoon. Enoch was a native of North Carolina. On Saturday afternoon he went out in a small boat to enjoy a row and was watching a number of men who were in the water swimming. In some unaccountable way his boat overturned and he was thrown into the deep water. A number of the swimmers started toward him to rescue him, but he disappeared beneath the surface of the water before they could reach him.

Mysterious Shooting.

Another mysterious shooting occurred in Alexandria Saturday night about 10:30 o'clock when an unknown negro entered the saloon of James Dougherty, corner of Pitt and Princess streets, and without saying a word to any one, fired a pistol at Randolph Jones, colored, who was in the place. Jones fell to the floor with a bullet in his side and the assailant ran from the place and made his escape. Jones was taken to the Alexandria Hospital, where his wound was pronounced serious though not necessarily fatal. The ball entered the right side and passed entirely through the body He says he does not know who the negro is that shot him or why he did it. The police are endeavoring to identify the assassin.

The shooting took everyone in the saloon, especially Mr. Dougherty, by surprise. There was no disorder or even argument going on at the time when the man suddenly entered the premises, fired the shot and disappeared. It is believed that the man was crazed by cocaine.

Assistant Roadmaster.

C. L. Ruffin, of Fredericksburg, has been appointed assistant roadmaster of the Richmond, Fredericksburg and Potomac and the Washington-Southern railroads, vice J. H. Eby, resigned. Mr. Ruffin has been employed as civil engineer by these roads for sometime.

Robbery.

The residence of Mr. Ferdinand Bendheim, 203 south Royal street, was entered Saturday night during the absence of Mr. and Mrs. Bendheim and robbed of a gold watch and chain, several small trinkets, and $5 in cash. There is no clew to the thief.

Memorial Services.

The annual memorial exercises of Alexandria and Belle Haven Councils, Junior Order of American Mechanics, were held yesterday afternoon in the Methodist Protestant Cemetery in accordance with the plans previously outlined. A large number of friends of the order were present. The graves of the deceased members were marked by a metal emblem of the order which was surmounted by a small silk American flag, and flowers were placed on the graves by the members. After assembling prayer was offered by Rev. J. A. Jeffers, followed by singing, "Jesus, Lover of My Soul." Mr. James R. Mansfield then read the memorial address. Singing, "Nearer My God To Thee," followed Mr. Mansfield's address. Rev. Edgar Carpenter then delivered an oration which was listened to with close attention and was greatly appreciated by his hearers. Mr. J. J. Allen then read the closing address and after singing the doxology the meeting closed with prayer by Rev. Dr. W. F. Fisher. After the exercises were over Rev. Mr. Carpenter was the recipient of numerous congratulations for his able and instructive address. Mr. Lambert D. Lyles presided at the services.

James W. Jackson Council also paid respect to the memory deceased members. A committee of the organization visited the cemeteries yesterday morning and placed flags and flowers upon their mounds. Memorial services will be held at the hall next Thursday night.

Police Court.

[Justice H. B. Caton presiding.]

A white man, arrested by Lieutenant Smith charged with non-support of his family, was dismissed.

A white man, arrested by Officers Knight and Ferguson charged with drunken and disorderly conduct, was dismissed.

Perry Eldridge, colored, arrested by Officers Lyles and Allen charged with drunken and disorderly conduct, was fined $2.50.

Spencer Jones, colored, arrested by Officers Knight and Ferguson charged with being a suspicious character, was fined $5.

William Brent, colored, arrested by Officers Lyles and Allen charged with assaulting and beating Charles Raines, was fined $5.

A white man, arrested by Officers Patterson and Young charged with being drunk in the street, was fined $2.50.

A man, arrested by Officer Bell charged with maintaining a nuisance on his premises, forfeited his collateral by failing to appear.

Decoration Day.

Tomorrow will be Decoration Day, a national holiday, and the banks, government and some of the other offices in the city will be closed, while the postoffice will observe Sunday hours. The general business of the city, however, will be but little interrupted.

Preparations have been made for the proper observance of the day in the National Cemetery at this place. The cemetery is now in charge of Captain Crittenden, formerly of Santa Fe, N M., and the grounds are in a beautiful condition. The following is the programme of exercises:

Call to order by bugler; prayer, by chaplain; music by choir; reading Lincoln's Gettysburg address, by W. P. Graves; music by choir, "America;" oration by Rev. Mr. Stump; music by choir; strewing of flowers; taps by bugler A cordial invitation is extended all to attend the exercises.

Killed by a Train.

Blaine Craig, a young colored man, who lived in the northwestern section of this city, was run over and killed by a train near Brickhaven, Alexandria county between 5 and 6 o'clock Saturday afternoon. Craig had recently been employed at a brick yard near Brickhaven. His body was cut in two. The remains were brought to Mr. B. Wheatley's undertaking establishment in this city.

Craig had several times been before the Police Court charged with misdemeanors, and it is a curious fact that one out of every 170 persons tried in that court by Justice Caton during the past sixteen months has met a violent death. Ten have been killed by cars, two died from delirium tremens and two committed suicide.

The Double Track.

The Washington, Alexandria and Mount Vernon Railway will use a large portion of their double track tomorrow. The tracks now extend from Spring Park on the confines of Alexandria, to Del Ray. But one track extends over the short stretch from that point to Four-mile run, from which place, however, there are double tracks to Arlington Junction. The extra track will materially facilitate transportation. Tomorrow (Decoration Day) increased demands will be made upon the road, but the officials are now in a position, it is believed, to meet them.

Struck by Train.

John Hallen, colored, twenty-five years old, of Greensville, N C., was taken to the Emergency Hospital, in Washington, last night on an electric car of the Washington, Alexandria and Mount Vernon Railroad, having been struck by a steam train near Waterloo station. The manner in which the accident occurred could not be learned, as Hallen could not give a clear statement of the occurrence. His jaw and collar bone were broken, both legs were badly cut, and he was suffering from concussion and probably fracture of the skull.

New Highway Bridge.

The new highway bridge over the river, connecting the city of Washington with the Virginia shore of the Potomac, will, it is said, be completed and ready for service possibly by September 1, certainly by September 15. The approach to the new bridge from the Washington side is being widened, and it is about completed, but on the Virginia side but little work has been done on the approach.

The New Ferry.

The improvements at the Alexandria, and Washington ferry wharf in Washington, are progressing rapidly and before the middle of next month the new ferry house will be completed and ready for use. Work has progressed more slowly at the Alexandria end, and, though a machine has been at work there for over a week, many of the piles in the old broken-down slip are still standing.

The mercury at 2 o'clock registered 84°, but the humidity in the atmosphere seemed to make the heat much more intense.

Personal.

Mr. William C. Copley, who was recently appointed superintendent of terminals of the Washington-Southern Railway at this point, and who would have been in charge of the new freight yards, in course of construction near this city, upon their completion, has resigned to return to the office which he relinquished about three weeks ago to come here—that of assistant freight train master in charge of the yards of the Pennsylvania Railroad at Altoona, Pa.

Second Lieutenant Samuel Robey of the Alexandria Light Infantry has gone to Richmond to be examined for his commission by the state military examining board.

Surgeon Alexander Murray, U. S. A., who has been visiting relatives in this city, has returned to Fort Bayard, New Mexico, where he is stationed.

Mr. J. H. Adams has gone to Fredericksburg to spend a month with friends.

Mr. J. R. Caton has gone to Atlantic City to spend a week.

Miss Elizabeth Rollins and brother, of Wellington, Va., are visiting Mrs. Sampson, on upper Prince street.

Disorderly Italians.

People living in the vicinity of St. Asaph Junction complain of the disorderly conduct of some of the Italian laborers quartered in that neighborhood. There was considerable disorder last night, and Constable Cornell in attempting to make arrests was roughly handled. He, however, succeeded in taking several of the offenders in custody. It is said that some of the foreigners were engaged yesterday evening in discharging pistols and that the whistleing of bullets caused a number of Alexandrians, especially ladies, who were walking in the vicinity, to retrace their steps homeward.

Baseball.

The Alexandria Athletic Club will play the Dumbarton Athletic Club of Washington tomorrow evening on the old fair grounds at 8 o'clock sharp. These two teams have never met and as both are strong teams, a good game is promised all who may attend.

Old Pump.

The old pump, which for many years past has stood in front of the Fairfax street entrance to the city market house, was removed today and the well will be filled in. The pump has not been used for a long time past.

LOCAL BREVITIES.

The city license law for the year 1905-6 is published on the fourth page of today's Gazette.

A colored woman, who it is believed is addicted to the use of cocaine, attempted to drown herself in the river yesterday evening. She was pulled out by a female companion.

Mrs. Mary E. Hall, wife of Mr. George Hall, died at her residence, Eighth and G streets southwest, Washington, Saturday. The funeral services will take place in Union Cemetery, near this city, tomorrow afternoon at 3:15 o'clock.

The business meeting of the Allison W. C. T. U., that was postponed Friday afternoon, will be held tonight at 8 o'clock at the Children's Home on Duke street. All the ladies of the union are requested to be present, also the mothers of the night school boys.

Since the terrible disaster by the explosion of a carload of dynamite in Pennsylvania people hereabouts have been apprehensive when they see a car at a depot labelled "explosives." Two cars containing such tags were at one of the depots today and caused some comment.

The weather during most of yesterday was sultry. Late in the afternoon a heavy rain cloud went south of this city, although there was a slight sprinkling here. A refreshing breeze also prevailed which afforded temporary relief. About the usual number of people were on the streets and the churches had average congregations.

Shot Dead by Cousin.

Judge Francis C. Randolph, one of the best known men in Alabama, was shot and instantly killed Saturday afternoon by John Randolph, a second cousin, in front of the latter's office in Montgomery.

Judge Randolph, it is reported, had demanded a loan of money from his slayer, with the accompanying threat that unless the loan was forthcoming violence would ensue. The two met that afternoon, and, it is said, Judge Randolph repeated his threats. John Randolph presented a single barreled repeating shotgun, and Judge Randolph attempted to draw a revolver, whereupon John Randolph fired two shots in quick succession, one entering the heart and the other the neck. Either would have proved fatal. The slayer was arrested and placed in the county jail.

New York Stock Market.

New York, May 29.—Union Pacific has been the busiest stock since the opening and has held its advance better than anything else. The feature of the entire market, though, was trading in Japanese bonds, sixes in the first hour advancing 1½. The pressure of long liquidation is in places considerable. The weight of long stock has been felt all forenoon in Steel common and preferred.

Spanish Premier Silvela has been taken seriously ill and the physicians give little hope fos hir recovery.

A Good Suggestion.

Mrs. C. B. Wainwright of Lemon City, Fla., has written the manufactures that much better results are obtained from the use of Chamberlain's Colic, Cholera, and Diarrhoea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in water as hot as can be drank. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale by Gibson & Timberman and W. F. Creighton & Co.

Royal Wedding Festivities.

The series of balls, dinners and receptions which precedes the wedding of Crown Prince Frederick William to the Duchess Cecilia of Mecklenburg-Schwerin began Saturday at Schwerin, Germany. The Crown Prince arrived Friday night, and and was received at the railroad station by the Duchess Cecilia, her brother, Grand Duke Frederick, and other members of her family.

A court ball took place Saturday night. There was a state dinner Sunday evening and a ceremonial breakfast this morning.

During the next three days the young Duchess will rest, as the preparations for the wedding have been most fatiguing. About 50 costumes have been fitted and refitted on her during the last six weeks, which has meant standing for hours every day. Recently the Duchess has also been obliged to give daily sittings to a portrait painter.

The bridal dress of the Duchess Cecilia was made in Paris of material of a specially heavy cloth of silver, with silver embroiderings an inch wide. It was woven in Russia. The train was woven in Germany. It took three months to make, and it is a masterpiece of hand weaving. The silver embroidering is on rose ground. The train is 13 feet long by 6 feet 6 inches wide. There are other arrangements of flowers and foliage. The rest of the robe is of the same color as the train, and its treatment is of a similar nature.

"I Thank The Lord!"

How to Ward Off Old Age.

This can be done by eating only food suited to your age and occupation, and when any disorder of the stomach appears take a dose of Chamberlain's Stomach and Liver Tablets to correct it. If you have a weak stomach or are troubled with indigestion, you will find these Tablets to be just what you need. For sale by Gibson and Timberman and W. F. Creighton & Co.

Strictly Genuine.

Most of the patent medicine testimonials are probably genuine. The following recently appeared in the Aitcheson (Kan.) Globe: "Joe Tack, a well-known engineer, running on the Missouri Pacific between Wichita and Kiowa, lately appeared in a big one, with a picture, and when he was in this office today, we asked him about it. He says he had terrific pains in his stomach, and thought he had cancer. His druggist recommended Kodol and he says it cured him. He recommended it to others who were also cured." Kodol Dyspepsia Cure digests what you eat and cures all stomach troubles. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick streets.
